

NEW umbili-GRIP™

TRADITIONAL GRIP UMBILICAL CORD CLAMP

NEW
For 2022!

Reorder No.: CLW-2001-A01
Numbered umbili-GRIP

Reorder No.: CLW-2004-A01
Unnumbered umbili-GRIP

Divergent's NEW **umbili-GRIP™** is designed to clamp a newborn's umbilical cord immediately after birth. Its traditional, "Hollister-style" design ensures that the lock is properly closed and secured.

Our newest clamp is available unnumbered in sterilized, individual packaging, OR as a numbered component of our **umbili-KIT™** Mother/Baby Positive Identification System.

This FDA Class I registered device is intended for single patient use to help prevent the risk of cross-contamination — always in stock and ready to ship at 30-70% less than comparable products!

For more information, please contact your local representative,
